

PURE WALL SMART

PURE WALL SMART

Tankless Intelligent Wall-Hung Smart Toilet

The PURE WALL SMART redefines modern bathroom innovation by combining a sleek wall-hung design with advanced intelligent bidet technology and the revolutionary KIRIN Pressure-Assist Flushing System. Unlike traditional wall-mounted toilets requiring bulky concealed tanks, PURE WALL SMART utilizes an integrated tankless pressure-assisted system, delivering powerful siphonic flushing while maximizing space and simplifying installation. Designed for luxury residential and commercial applications, it offers superior hygiene, comfort, water efficiency, and contemporary aesthetics.

Key Features:

Tankless Wall-Hung Design

- Eliminates the need for a concealed water tank, reducing installation complexity and maximizing usable wall space.

KIRIN Pressure-Assist Flushing System

- Advanced air-pressure flushing technology delivers powerful siphonic flushing performance using only 3.8L per flush while operating without electricity..

Front & Rear Wash Functions

- Integrated bidet system with front and rear cleansing options for enhanced personal hygiene.

UV Sanitizing Nozzle

- Automatic UV sterilization helps maintain nozzle cleanliness and reduces bacteria buildup.

Instant Water Heating

- Provides continuous warm water for a comfortable washing experience.

Heated Antibacterial Seat

- Adjustable seat temperature settings with built-in overheat protection.

Easy-Clean Nano Glaze

- Advanced ceramic coating helps resist staining and simplifies maintenance.

Triple Pressure Protection

- Multi-stage pressure protection system ensures safe operation under varying water pressures.

Intelligent Night Light

- Integrated soft night illumination for nighttime visibility and comfort.

Warm Air Dryer

- Gentle warm air drying reduces the need for toilet paper and enhances user comfort.

Auto Open / Close Lid

- Touch-free lid operation provides improved convenience and hygiene.

Technical Information

Toilet Type	Intelligent Tankless Wall-Hung Smart Toilet
Color	Glossy White
Installation Type	Wall Mounted
Flushing Technology	KIRIN Pressure-Assist Siphonic Flush
Water Consumption	3.8 LPF (1.0 GPF)
Flush Activation	Automatic / Side Button / Remote / Foot Sensor
Wash System	Front & Rear Wash
Water Heating	Instant Water Heating
Drying System	Warm Air Dryer
Nozzle System	Self-Cleaning UV Sanitizing Nozzle
Seat	Heated Antibacterial Seat
Lid Operation	Auto Open & Soft Close
Night Light	Intelligent LED Night Light
Waterproof Rating	IPX4
Anti-Siphon Protection	Yes
Energy Saving Mode	Yes
Certification	CUPC® Certified (Pending Verification)

PURE WALL SMART

Integrated with KIRIN System | No need for a concealed tank

Integrated with the KIRIN Air Pressure-Assist System, Pure Wall-Hung Toilet eliminates the need for a concealed tank, using smaller supportive frames for simpler and faster installation, and reduced costs

- Reduced materials, more environmentally friendly
- Simpler construction, quicker installation
- No in-wall maintenance for easier upkeep
- Installation height of just 450mm
- Greater flexibility in installation positioning
